Equipped with electronic ignition, STIHL Quickstop® inertia chain brake and anti-vibration system, the MS 180 C-B starts fast and is comfortable to use.I have bought a brand new Stihl MS-180 chainsaw and have used it 4 times recently on some lighter jobs. I always read all instructions before using any power tool, and follow them My problem is the saw takes 5-6 pulls to think about firing before I move the choke to the "warm" setting, then 3-5 more pulls until the saw starts I think that this is too much for a "new" saw and often the saw will ...
